June 30, 2016

To the Citizens of the County of Wayne, New York:

The Comprehensive Annual Financial Report of the COUNTY OF WAYNE, New York (County) for the fiscal year ended December 31, 2015, is hereby submitted.

This report consists of management's representations concerning the finances of the COUNTY OF WAYNE. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the COUNTY OF WAYNE has established a comprehensive internal control framework which is designed both to protect the government's assets from loss, theft or misuse and to compile sufficient reliable information for the preparation of the COUNTY OF WAYNE'S financial statements in conformity with GAAP. Because the cost of the internal controls should not outweigh their benefits, the COUNTY OF WAYNE'S comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatements. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The COUNTY OF WAYNE'S financial statements have been audited by Raymond Wager, CPA, P.C., a firm licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the COUNTY OF WAYNE for the fiscal year ended December 31, 2015, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosure in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the COUNTY OF WAYNE'S financial statements for the fiscal year ended December 31, 2015, are fairly presented in conformity with the GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the COUNTY OF WAYNE was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited governments internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in the COUNTY OF WAYNE'S separately issued Single Audit Report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The COUNTY OF WAYNE'S MD&A can be found immediately following the report of the independent auditors.

Profile of the Government

The COUNTY OF WAYNE, Incorporated in 1883, is located between Rochester (to the West) and Syracuse (to the East) in upstate New York. The area consists of 621 square miles and serves a population of 92,962. The Northern boundary is Lake Ontario and the Southern boundary is the Finger Lakes Region. This geographical location provides the COUNTY OF WAYNE with a diverse and stable economy.

The County is part of the agricultural belt on the Southern shore of Lake Ontario, widely known for the production of fresh fruit, name brand canned and frozen fruits and vegetable. Lake Ontario also provides an abundance of fresh water for business and recreation. Other nonagricultural products manufactured in the County Wayne include polyethylene products, lithium batteries, pallets, furniture, digital equipment, mechanical packing equipment, aerospace, copper tubing and electronic assembly.

The close proximity of Rochester and Syracuse has provided continued growth in the towns that border their areas as expansion has trended outwards from the cities. The COUNTY OF WAYNE'S economic situation is stable.

The COUNTY OF WAYNE is empowered to levy a real property tax on properties located within its borders. It is also empowered to levy a local sales tax, administered by the State of New York. The COUNTY OF WAYNE operates under a Board of Supervisors from of Government. Each of the 15 Town Supervisors make up the membership of the County Board. The Board of Supervisors is responsible, among other things, for passing resolutions, adopting the budget, appointing committees, and appointing certain management positions of the County. The County Treasurer, County Clerk, County Sheriff, County Coroner, and District Attorney, are County-wide elected officials.

The County provides a full range of services. The services include police and law enforcement; educational assistance; the construction and maintenance of highway; public health; public transportation; recreational facilities and programs; economic assistance; economic opportunity and development; and community development.

The annual budget serves as the foundation for the COUNTY OF WAYNE'S financial planning and control. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the County's governing body. Budgets are adopted on a basis consistent with generally accepted accounting principles. Activities of the general fund (with the exception of self-insurance activities), special revenue funds, and enterprise fund are included in the annual appropriated budget. Project-level financial plans are adopted for the capital projects fund. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is established by function and activity within an individual fund. (see Notes to General Purpose Financial Statements, Background and Summary of Significant Accounting Policies-Budgetary Data.

As demonstrated by the statements and schedules included in the financial section of this report, the County continues to meet its responsibility for sound financial management.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps better understood when it is considered from the broader perspective of the specific environment within which the COUNTY OF WAYNE operates.

Local economy. The COUNTY OF WAYNE currently enjoys a stable economy and local indicators point to many challenges ahead. Its rural location somewhat shields the local economy from the boom and bust cycles experienced by major economic centers. As the economic landscape continues to evolve, this isolation will dissipate. The agricultural sector along with the manufacturing and service sector will be competing in broader markets than is currently the case.

Major manufacturing facilities are located just outside the government's boundaries, which employ a significant number of County residents. These manufacturers continue to restructure themselves to remain competitive. The COUNTY OF WAYNE continues to encourage and assist the local economy through its Economic Development Corporation. Two manufacturers have been successful in obtaining significant contract which will increase employment within the County.

The COUNTY OF WAYNE has an employed labor force of 43,200. The unemployed numbering 3,000 equates to an unemployment rate of 6.5 percent. Growth in employment continues in the western portion of the County where many residents commute to the greater Rochester area, while the eastern more agriculture sector continues to lose population and employment.

The COUNTY OF WAYNE has established a New York State Empire Zone which will encourage employment and business growth by providing State tax incentives to business located within the Zone.

Long-term financial planning. The governing board continues to encourage and support the development and protection of our natural resources. The County has made significant investments in establishing The Wayne County Water and Sewer Authority. It is expected that over time, a unified water supply and sewer facilities will have a positive effect on the County.

Relevant financial policies. The COUNTY OF WAYNE continues its conservative approach to financial policies. The choice of capping Medicaid at a 3% growth rate continues to keep the budget growth lower than it could be. The choice of not financing the tobacco settlement income stream keeps revenue coming in each year.

The COUNTY OF WAYNE continues its policy to maintain a minimum fund balance of \$25 million. The current fund balance provides flexibility to deal with the uncertainties of the current economic climate and the State of New York's Budget difficulties.

The COUNTY OF WAYNE has completed a project to upgrade all County owned facilities to become more environmentally friendly and efficient as well. New fixtures, controls and HVAC Systems will pay for themselves with a decrease in energy cost.

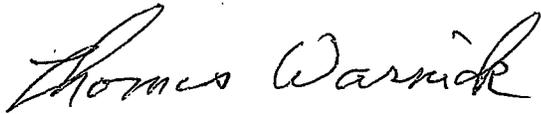

Awards and Acknowledgements

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the County of Wayne for its comprehensive annual financial report for the fiscal year ended December 31, 2014. The government has received this prestigious award for twelve of the last thirteen years. In order to be awarded a Certificate of Achievement, the government published an easily readable and efficiently organized CAFR. This report satisfied both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to the GFOA.

The preparation of this report on a timely basis could not be accomplished without the efficient and dedicated services of the entire staff of the Treasurer's office. We would like to express our appreciation to all members of the department who assisted and contributed to its preparation. Finally, we would like to thank all members of the Board of Supervisors for their interest and support in planning and conducting the financial operations of the County in a responsible and progressive manner.

Sincerely,

A handwritten signature in cursive script that reads "Thomas Warnick".

Independent Auditors' Report

To the Chairman and Members
Of the Board of Supervisors
County of Wayne, New York

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County of Wayne, New York, as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Wayne County Nursing Home which represents 100 percent of the assets, net position, and revenues of the business-type activities/enterprise funds. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Wayne County Nursing Home, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County of Wayne, New York, as of December 31, 2015, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

As described in Note XI to the financial statements, the County adopted GASB Statement No. 68, Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27 and GASB Statement No. 71, Pension Transition for Contributions made subsequent to Measurement Date, an amendment of GASB No. 68. As a result, the beginning net position has been restated.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis, Budgetary Comparison Information-General Fund, Schedule of Funding Progress Postemployment Benefit Plan, Schedule of the County's Proportionate Share of the Net Position Liability, Schedule of County Contributions, and Note to Required Supplementary Information on pages 20–31 and 85–90 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County of Wayne, New York's basic financial statements. The accompanying combining and individual fund statements and schedules as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The accompanying combining and individual fund statements and schedules as listed in the table of contents on pages 95-103 are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying combining and individual fund statements and schedules as listed in the table of contents are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The statistical section as listed in the table of contents on pages 108-132 has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

June 14, 2016

Raymond F. Wager, CPA, PC

COUNTY OF WAYNE, NEW YORK

Management's Discussion and Analysis

December 31, 2015

As management of the County of Wayne, New York we offer readers of the County of Wayne's financial statements this narrative overview and analysis of the financial activities of the County of Wayne, New York for the year ended December 31, 2015. All amounts, unless otherwise indicated, are expressed in thousands of dollars.

FINANCIAL HIGHLIGHTS

- The assets of the County of Wayne, New York exceeded its liabilities at the close of the most recent year by \$162,476 (net position) which is an increase of \$10,443 from the prior year. Of this amount, \$77,715 (unrestricted net position) may be used by the government's ongoing obligations to citizens and creditors.
- As of the close of the current year, the County of Wayne's governmental funds reported combined ending fund balances of \$74,677, an increase of \$9,160 in comparison with the prior year. Approximately 70.6% of that amount, \$52,742, is *available for spending* at the government's discretion (*unassigned fund balance*).
- At the end of the current year, unassigned fund balance for the general fund was \$52,742, or 38% of total general fund expenditures.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the County of Wayne, New York's basic financial statements. The County of Wayne's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements The *government-wide financial statements* are designed to provide readers with a broad overview of the County of Wayne's finances, in a manner similar to a private sector business.

The *statement of net position* presents information on all of the County of Wayne's assets and liabilities, with the difference between the two reported as *net position*.

Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County of Wayne, New York is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Fund financial statements A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County of Wayne, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County of Wayne can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *government activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The County of Wayne, New York maintains five individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund which is considered to be a major fund. Data from the other four governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

The County of Wayne, New York adopts an annual appropriated budget for the general fund, county road fund, and road machinery fund. A budgetary comparison statement has been provided for each major fund to demonstrate compliance with these budgets.

Proprietary Fund. The County of Wayne, New York maintains a proprietary fund for the Wayne County Nursing Home, (Enterprise Fund), which is presented as a business-type activity in the entity wide financial statements and financed primarily through user charges.

Fiduciary Funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support the County of Wayne's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to the financial statements The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information. The combining statements referred to earlier in connection with nonmajor governmental funds are presented immediately following the notes to the financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the County of Wayne, New York, assets exceeded liabilities by \$162,476 at the close of the most recent year.

The largest portion of the County of Wayne's net position (48.2%) reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment), less any related debt used to acquire those assets that is still outstanding. The County of Wayne uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the County of Wayne's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

<u>NET POSITION:</u>						
Net Investment in Capital						
Assets	\$ 84,665	\$ 83,446	\$ (5,551)	\$ (5,407)	\$ 79,114	\$ 78,039
Restricted	5,647	7,227	-	-	5,647	7,227
Unrestricted	70,330	58,356	7,385	8,411	77,715	66,767
Total Net Position	\$ 160,642	\$ 149,029	\$ 1,834	\$ 3,004	\$ 162,476	\$ 152,033

The *unrestricted net position* of \$77,715 may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current year, the County of Wayne, New York is able to report positive balances in all three categories of net position, both for the governmental fund statements and the government wide statements.

There was an increase of \$11,974 in unrestricted net position reported in connection with the County of Wayne, New York's governmental activities. This increase was primarily a result of underspending the general fund budget.

There was a decrease of \$1,026 in unrestricted net position reported in connection with the County of Wayne, New York's business activities. This decrease is a result of expenditure increases which exceed the increase in reimbursement rates.

Governmental activities - Governmental activities increased the County of Wayne's net position by \$11,613 was primarily due to underspending the general fund budget.

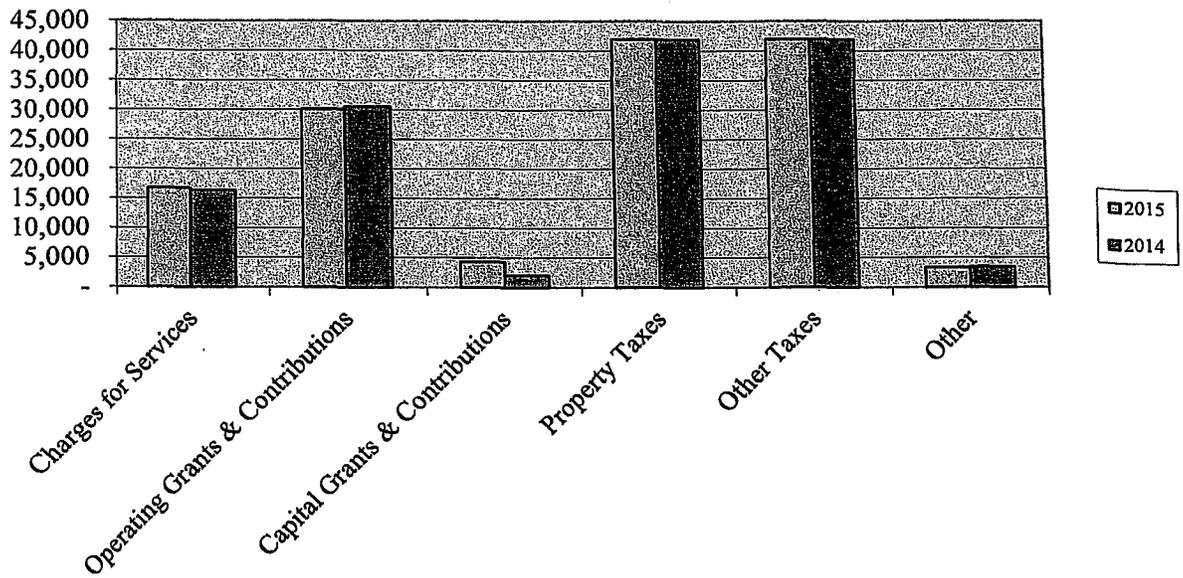

**EXPENSES AND PROGRAM REVENUES - GOVERNMENTAL
ACTIVITIES - 2015**

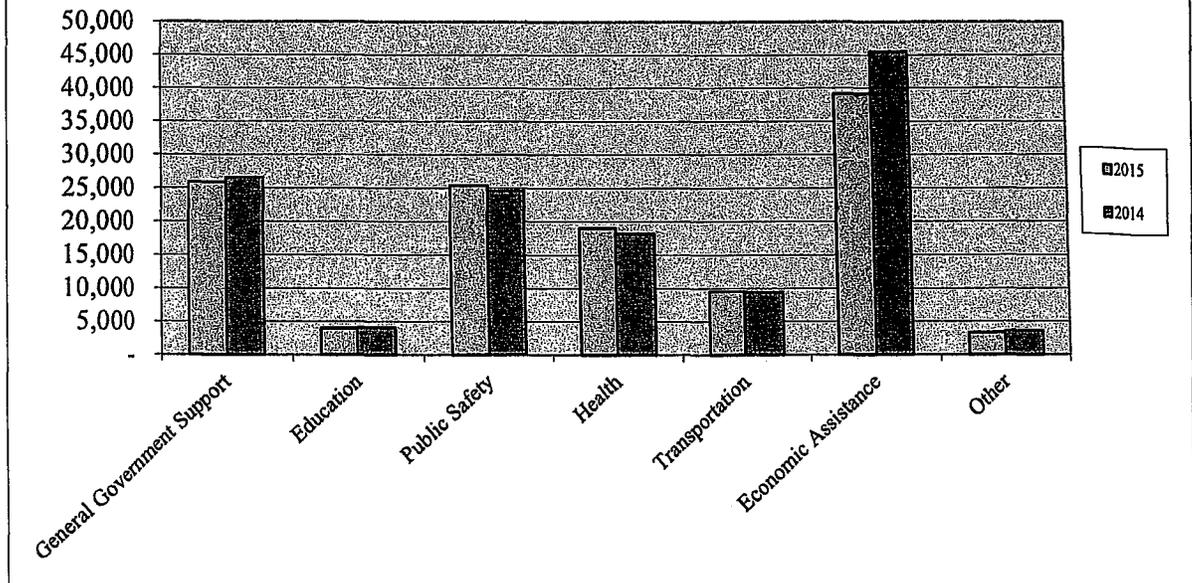

**EXPENSES AND PROGRAM REVENUES - GOVERNMENTAL
ACTIVITIES - 2014**

REVENUE BY SOURCE - GOVERNMENTAL ACTIVITIES - 2015 & 2014

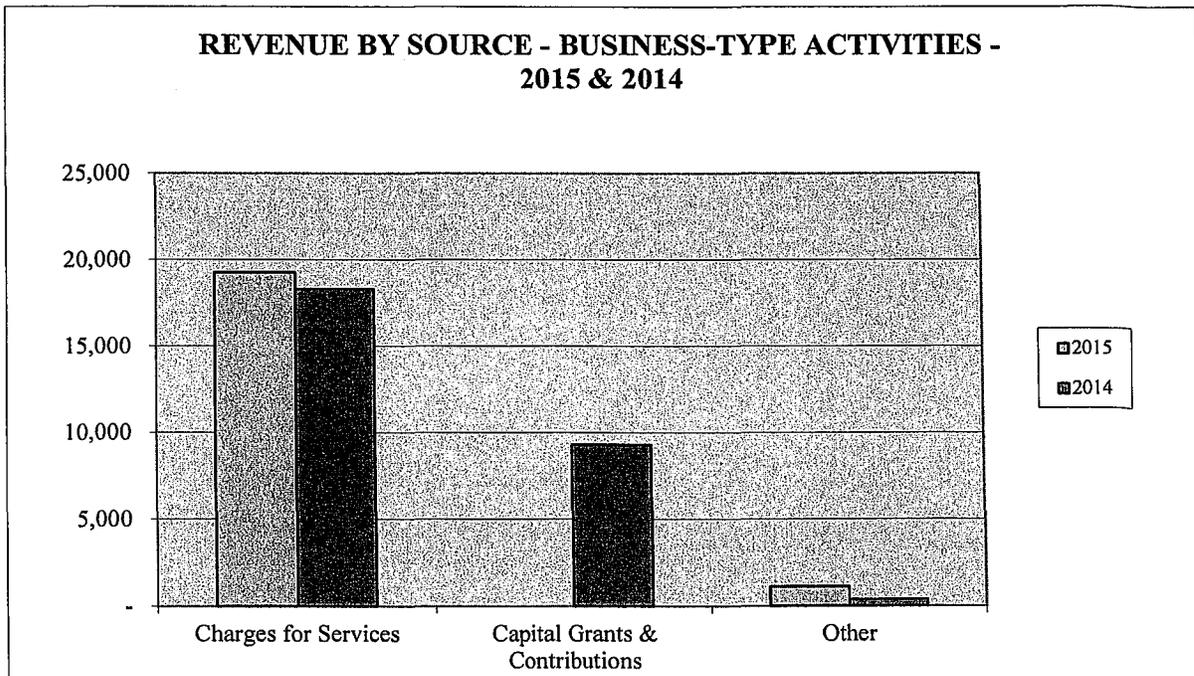

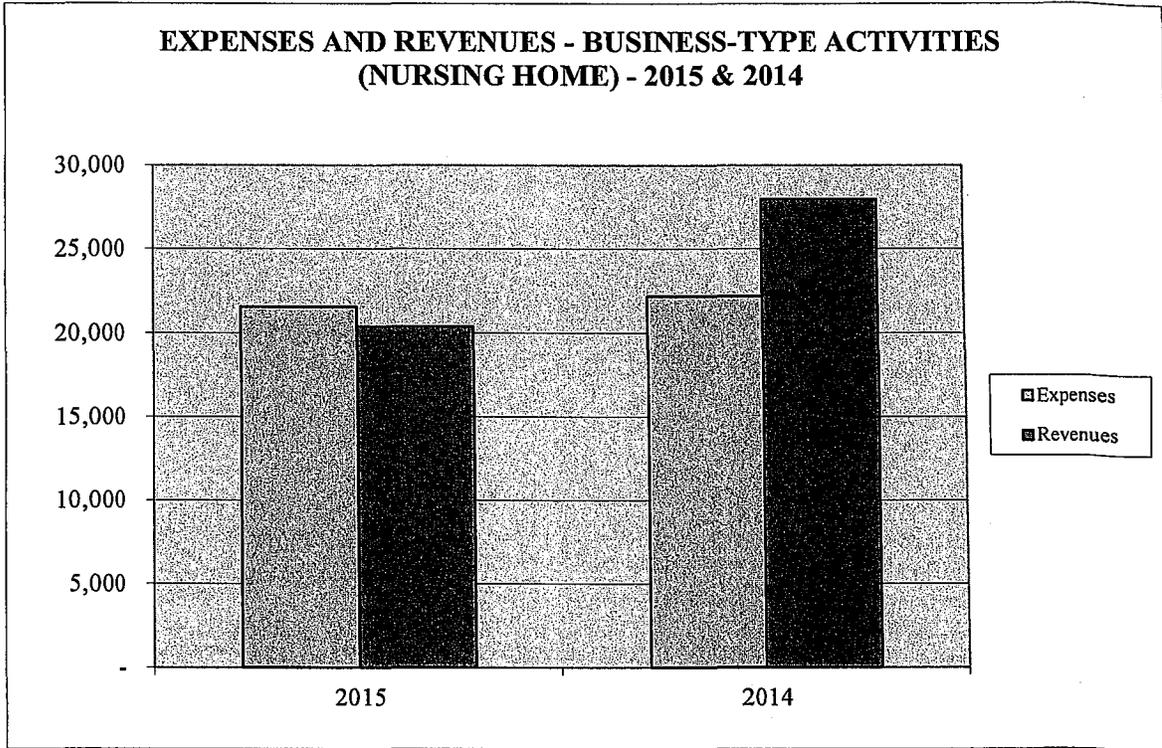

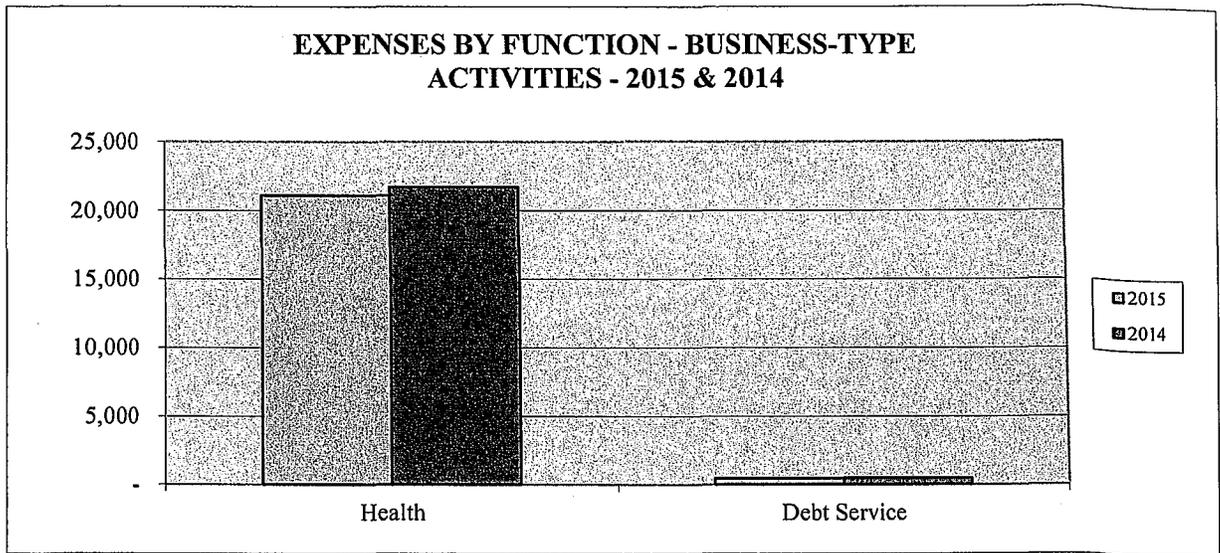

EXPENSES BY FUNCTION - GOVERNMENTAL ACTIVITIES - 2015 & 2014

For the most part, increases in expenses closely paralleled inflation and growth in demand for services.

Business-type activities - Business-type activities decreased the County of Wayne's net position by \$1,170. This decrease was primarily caused by depreciation expense exceeding debt payments.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the County of Wayne, New York uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds The focus of the County of Wayne's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the County of Wayne's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the year.

As of the end of the current year, the County of Wayne, New York's governmental funds reported combined ending fund balances of \$74,677, an increase of \$9,160 in comparison with the prior year. Approximately, 71% of this total amount \$52,742 constitutes *unassigned fund balance*, which is available for spending at the government's discretion. The remainder of fund balance is *nonspendable, restricted or assigned* to indicate that it is not available for new spending because it has already been committed.

The general fund is the chief operating fund of the County of Wayne, New York. At the end of the current year, unassigned fund balance of the general fund was \$52,742, while total fund balance reached \$64,643. As a measure of the general funds liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 45% of total general fund expenditures, while total fund balance represents 55% of that same amount.

The fund balance of the County of Wayne's general fund decreased by \$2,969 during the current year.

Proprietary fund The County of Wayne, New York's proprietary fund provides the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the Nursing Home at the end of the year amounted to \$1,834. The decrease in net position was \$1,170.

GENERAL FUND BUDGETARY HIGHLIGHTS

- Tax levy increase of 0.0%.
- Tax rate decrease of .7%.
- These amounts are within the New York State tax cap statutes.

BUDGETARY VARIANCES

The key factors for budget variances in the general fund are listed below along with explanations for each.

Expenditure Items:	Budget Variance Original Vs. Amended	Explanation for Budget Variance
Public Safety	\$1,272	Village of Lyons dissolved and merged police
Economic Assistance & Opportunity	\$2,571	Prior year encumbrance carry forward
Transfers	\$11,553	Funding of non-budgeted capital projects

Expenditure Items:	Budget Variance Amended Vs. Actual	Explanation for Budget Variance
General Support	\$1,595	Conservative budgeting
Public Safety	\$2,083	Village of Lyons dissolved and merged police
Health	\$2,935	Rates for special needs children not settled by New York State at year end
Economic Opportunity and Development	\$8,097	Large encumbrance for State training schools outstanding at year end

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital assets The County of Wayne, New York's capital assets for its governmental and business type activities as of December 31, 2015, amounts to \$108,620,079 (net of accumulated depreciation). This investment in capital assets includes land, buildings and systems, improvements, machinery and equipment, park facilities, roads, highways, and bridges. There were no major capital events during the current year. (Additional information can be found in Note V of the Notes to the Basic Financial Statements).

Total	\$ 32,829	\$ 31,269	\$ 16,974	\$ 18,664	\$ 49,803	\$ 49,933

The County of Wayne's total debt increased by \$130 during the current year. This represents annual debt service on the general obligations of the County.

The County of Wayne, New York maintains an A+ rating from Standard & Poor's for its general obligation debt.

State statutes limit the amount of general obligation debt a governmental entity may issue to 7 percent of the last five year average of total assessed value. The current debt limit for the County of Wayne is \$304,340 million which is significantly in excess of the County of Wayne's outstanding general obligation debt.

ECONOMIC FACTORS AND NEXT YEARS BUDGETS AND RATES

- The property tax rate increased from 7.91 to 7.95 per thousand which is slightly below the tax rate from 2013.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the County of Wayne's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the County Treasurer, 16 William Street, Lyons, New York, 14489.

COUNTY OF WAYNE, NEW YORK

**Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances of Governmental Funds
to the Statement of Activities
For the Year Ended December 31, 2015**

Net Change in Fund Balances - Total Governmental Funds \$ 9,159,642

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlay and the addition of assets as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays and the addition of assets exceeded depreciation in the current period.

Addition of Assets	\$ 7,139,510	
Depreciation	<u>(3,640,818)</u>	
		3,498,692

Bond and capital lease debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term obligations in the statement of net position. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term obligations in the statement of net position. The following details these items as they effect the governmental activities:

Debt Repayment	\$ 640,000	
Proceeds from Bond Issuance	<u>(2,920,000)</u>	
		(2,280,000)

Deferred tax revenue reported in governmental funds is recorded in the entity-wide statement of activities. 118,245

In the statement of activities, the health plan and OPEB liabilities are measured by the amount accrued during the year. In the governmental funds, expenditures for those items are measured by the amount actually paid. The following provides the difference of these items as presented in the governmental activities:

OPEB Liability	\$ 43,119	
Workers' Compensation Liability	<u>(409,608)</u>	
		(366,489)

(Increase) decrease in proportionate share of net pension asset/liability reported in the statement of Activities do not provide for or require the use of current financial resources and therefore are not reported as revenues and expenditures in the governmental funds

Employee Retirement System		1,483,471
----------------------------	--	-----------

In the statement of activities, interest is accrued on outstanding bonds, whereas in governmental funds, an interest expenditure is reported when due.

(348)

Change in Net Position of Governmental Activities \$ 11,613,213

COUNTY OF WAYNE, NEW YORK

Notes to the Basic Financial Statements

December 31, 2015

I. Summary of Significant Accounting Policies:

The basic financial statements of the County of Wayne, New York (the County) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. The more significant of the County's accounting policies are described below:

A. Financial Reporting Entity

The County is governed by County law, general laws of the State of New York and various local laws and ordinances. The Board of Supervisors, which is the legislative body responsible for the overall operation of the County, consists of the fifteen supervisors representing the towns in the County with each members vote weighted on the basis of population in the district represented. The Chairman serves as chief executive officer and the Treasurer serves as chief financial officer of the County.

The County provides the following basic services: educational assistance, police and law enforcement, public health, highway maintenance, public transportation, economic assistance, economic opportunity and development, recreation facilities and programs, and library and community development.

The accompanying basic financial statements include only operations of the County, since management has determined that there are no other organizations that meet the criteria for inclusion in the reporting entity of the County.

B. Basis of Presentation

1. Countywide Financial Statements

The County's basic financial statements include both countywide (reporting the County as a whole) and fund financial statements (reporting the County's major and nonmajor funds). All of the County's services are classified as governmental activities.

In the countywide Statement of Net Position, the governmental activities are presented on a consolidated basis and are reported on a full accrual, economic resources basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The County's net position is reported in three parts – invested in capital assets, net of related debt; restricted net position; and unrestricted net position. The County first uses restricted resources to finance qualifying activities.

COUNTY OF WAYNE, NEW YORK

Notes to the Basic Financial Statements

December 31, 2015

(I) (Continued)

The countywide Statement of Activities reports both the gross and net cost of each of the County's functions, i.e., public safety, transportation, and economic assistance and opportunity. The functions are also supported by general government revenues (real property taxes and sales tax). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues and grants and contributions. Program revenues must be directly associated with the function. Grants include operating-specific and discretionary (either operating or capital) grants.

The net costs by function are normally covered by general revenue (real property taxes and sales taxes).

In addition, as a general rule, interfund activity has been eliminated from the countywide financial statements, however, interfund services provided and used have not been eliminated in the process of consolidation.

This countywide focus is more on the sustainability of the County as an entity and the change in the County's net position resulting from the current year's activities.

The County's fiduciary funds are presented in the fiduciary fund financial statements by type (restricted purposes, and agency). Since by definition these assets are being held for the benefit of a third party (other local governments, private parties, etc.) and cannot be used to address activities or obligations of the government, these funds are not incorporated into the countywide financial statements.

2. Fund Financial Statements

The fund statements provide information about the County's funds, including fiduciary funds. Separate statements for each fund category (governmental and fiduciary) are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column.

Nonmajor funds are summarized into a single column. GASB Statement No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The nonmajor funds are combined in a column in the fund financial statements.

COUNTY OF WAYNE, NEW YORK

Notes to the Basic Financial Statements

December 31, 2015

(I) (Continued)

3. **Fund Categories**

a. **Governmental Funds**

Are those through which most governmental functions of the County are financed. The acquisition, use and balances of the County's expendable financial resources and the related liabilities are accounted for through governmental funds. The measurement focus of the governmental funds is upon determination of current financial resources. The following are the County's governmental fund types:

General Fund - is the principal fund of the County and includes all operations not required to be recorded in other funds.

Special Revenue Funds - are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes.

The special revenue funds of the County include the Community Development, County Road, and Road Machinery Funds.

Capital Projects Fund - account for financial resources to be used for the acquisition, construction, and/or reconstruction of capital facilities not being financed by proprietary funds.

Major funds include – The General Fund.

Nonmajor funds include – The Road Machinery Fund, the Community Development Fund, the County Road Fund and the Capital Projects Fund.

b. **Proprietary Fund Types**

Are used to account for ongoing organizations or activities which are similar to those often found in the private sector. The measurement focus is upon determination of the flow of economic resources. The following proprietary fund is utilized.

Enterprise Funds – are used to account for those operations of the Wayne County Nursing Home (Enterprise Fund), where the governing board has determined that cost of operations are to be financed through user charges.

COUNTY OF WAYNE, NEW YORK

Notes to the Basic Financial Statements

December 31, 2015

(I) (Continued)

The Wayne County Nursing Home's statement of revenues, expenses, and changes in net position distinguish between operating and non-operating revenues and expenses. Operating revenues and expenses generally result from providing services in connection with principal ongoing operations. Operating expenses include the cost of services provided, administrative expenses, and depreciation and amortization on capital assets. All revenues and expenses not meeting these definitions are reported as non-operating revenues and expenses.

c. **Fiduciary Funds**

Fiduciary funds are used to account for assets held by the local government in a trustee or custodial capacity.

Agency Fund - is custodial in nature and does not present results of operations or have measurement focus. The Agency Fund is accounted for using the accrual basis of accounting. This fund is used to account for assets such as, payroll withholdings, bail deposits, mortgage tax and sales tax that the government holds for others in an agency capacity awaiting distribution to other governmental agencies.

Private Purpose Trust Funds - are used to report resources legally held in trust for Public Health, Office of the Aging and D.A.R.E. Program donations received by the County. In addition, memorials and awards, such as the Dan Kane memorial and the Wayne County History Award are accounted for in the Private Purpose Trust Funds. Resources of these funds may be used to support these activities.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expense, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

COUNTY OF WAYNE, NEW YORK

Notes to the Basic Financial Statements

December 31, 2015

(I) (Continued)

C. Basis of Accounting/Measurement Focus

1. Accrual

The countywide fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Agency funds have no measurement focus. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash transaction takes place. Non-exchange transactions, in which the County gives or receives value without directly receiving or giving equal value in exchange, include property taxes, grants and donations. On an accrual basis, revenue from property taxes, grants, and donations is recognized in the year in which all eligibility requirements have been satisfied.

2. Modified Accrual

The governmental fund statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Material revenues that are accrued include real property taxes to be collected within 60 days of the reporting period and sales tax. Where expenditures are the prime factor for determining eligibility, revenues from federal and state grants are accrued when the expenditure is made, and anticipated to be received within the next fiscal reporting period.

Expenditures are recorded when the related fund liability is incurred except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

D. Assets, Liabilities, and Net Position or Equity

1. Cash and Cash Equivalents

The County's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the County to invest in obligations of the U.S. Treasury and U.S. Agencies, repurchase agreements and obligations of New York State or its political subdivisions.

Cash equivalents are stated at cost, which approximates fair value. Investments are reported at fair value based on quoted market prices. Investment income, including changes in the fair value of investments, is reported in operations.

COUNTY OF WAYNE, NEW YORK

Notes to the Basic Financial Statements

December 31, 2015

(I) (Continued)

2. Cash Flows

For the purpose of the statement of cash flows of proprietary funds prepared under the direct method, all highly liquid investments with an original maturity of three months or less are considered cash equivalents. Custodial accounts and restricted assets, if any, are not considered to be cash equivalents.

3. Accounts Receivable

a. General

Accounts receivable are stated net of an allowance for uncollectibles. The accounts receivable allowance for uncollectibles is based on historical collection experience. All amounts due from other governments are deemed fully collectible.

b. Enterprise Funds

Accounts receivable are stated net of an allowance for uncollectibles. Accounts for which no payments have been received for several months are considered delinquent, and when customary collection efforts are exhausted the account is written-off. The nursing home records an allowance for uncollectibles in anticipation of future write-offs. The allowance for uncollectibles is based on the nursing home's historical collection experience and review of outstanding accounts.

4. Inventories and Prepaid Items

Inventory at the Wayne County Nursing Home is stated at the lower of cost or market; principally on the first-in, first-out basis; and consists of general housekeeping, medical, and dietary supplies. Inventory purchases in all other funds are recorded as expenditures at the time of purchase and year-end balances are not maintained.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid expenses. The County currently accounts for prepaid items based on the consumption method.

COUNTY OF WAYNE, NEW YORK

Notes to the Basic Financial Statements

December 31, 2015

(I) (Continued)

5. Capital Assets – Property, Plant and Equipment

a. General

Capital assets which include buildings, machinery and equipment, and infrastructure (i.e., roads, bridges, and similar items), purchased or acquired with an original cost of \$25,000 or more are reported at historical cost or estimated historical cost. Donated assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. All infrastructure acquired prior to the implementation of GASB #34 has been included in Capital Assets. Depreciation on all assets is provided on the straight-line basis over the following useful lives:

<u>Class</u>	<u>Life in Years</u>
Buildings	15-50 Years
Machinery and Equipment	5-25 Years
Infrastructure	20-50 Years

b. Enterprise Funds

Property, plant and equipment acquired by the enterprise funds is stated at cost (or estimated historical cost), including interest capitalized during construction, where applicable. Contributed capital assets are recorded at fair market value at the date received. Depreciation has been provided using the straight-line method over the following estimated useful lives.

<u>Description</u>	<u>Estimated Lives</u>
<u>Health Facility -</u>	
Land Improvements	Varies 8-20 Years
Buildings and Improvements	Varies 5-40 Years
Machinery and Equipment	Varies 5-20 Years

When enterprise fund assets are retired, or otherwise disposed of, the cost and related accumulated depreciation is removed from the accounts, and any resulting gain or loss is reflected in income for the period. Maintenance and repairs are charged to expense as incurred; significant renewals and improvements are capitalized.

COUNTY OF WAYNE, NEW YORK

Notes to the Basic Financial Statements

December 31, 2015

(I) (Continued)

7. Unearned Revenue

The County reports unearned revenues in its basic financial statements. Unearned revenue arises when resources are received by the County before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both recognition criteria are met, or when the County has legal claim to resources, the liability for deferred revenue is removed and revenue is recognized.

8. Deferred Outflows and Inflows of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expenses/expenditure) until then. The government may have three items that qualify for reporting in this category. First is the deferred charge on refunding reported in the government-wide Statement of Net Position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The second item is related to pensions reported in the County-wide Statement of Net Position. This represents the effect of the net change in the County's proportion of the collective net pension asset or liability and difference during the measurement period between the County's contributions and its proportion share of total contributions to the pension system not included in pension expense. Lastly is the County's contributions to the pension system (ERS System) subsequent to the measurement date.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The County may have two items that qualify for reporting in this category. First arises only under a modified accrual basis of accounting and is reported as unavailable revenue-property taxes. The second item is related to pensions reported in the County-wide Statement of Net Position. This represents the effect of the net change in the County's proportion of the collective net pension liability (ERS System) and difference during the measurement periods between the County's contributions and its proportion share of total contributions to the pension systems not included in pension expense.

9. Unexpended Balances

Unexpended balances of appropriations lapse at the end of each year, except for capital projects. Project length financial plans are developed for each project.

COUNTY OF WAYNE, NEW YORK

Notes to the Basic Financial Statements

December 31, 2015

(I) (Continued)

10. Accrued Liabilities and Long-Term Obligations

Payables, accrued liabilities and long-term obligations are reported in the county-wide financial statements. In the governmental funds, payables and accrued liabilities are paid in a timely manner and in full from current financial resources. Claims and judgments, and compensated absences that will be paid from governmental funds are reported as a liability in the funds financial statements only to the extent that they are due for payment in the current year. Bonds and other long-term obligations that will be paid from governmental funds are recognized as a liability in the fund financial statements when due.

Long-term obligations represent the County's future obligations or future economic outflows. The liabilities are reported as due in one year or due within more than one year in the Statement of Net Position.

a. Compensatory Absences

Pursuant to a resolution of the Board of Supervisors and contractual agreements, County employees are entitled to accrue a maximum of 180 days of sick leave, 30 days of vacation leave, and one day personal leave. An individual who leaves employment of the County is entitled to be paid for unused vacation leave. No payments are made for unused sick leave and personal leave.

The County accrues for compensated absences when incurred. The estimated liability for compensated absences is recorded as part of accrued liabilities in both the enterprise fund and the governmental fund types. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

b. Other Benefits

County employees participate in the New York State Employees' Retirement System.

In addition to providing pension benefits, the County provides post-employment health coverage to retired employees in accordance with the provision of various employment contracts in effect at the time of retirement. The County recognizes the cost of providing health insurance by recording its share of insurance premiums as an expenditure.

COUNTY OF WAYNE, NEW YORK

Notes to the Basic Financial Statements

December 31, 2015

(I) (Continued)

11. **Encumbrances**

For financial reporting purposes encumbrances have been reclassified to assigned fund balance in the governmental funds for general fund and assigned or restricted fund balance in the capital fund. Encumbrance accounting, under which purchase orders, contracts or other commitments for the expenditure of monies are recorded for budgetary control purposes to reserve that portion of the applicable appropriations, is employed in the general, county-wide capital improvement project and nonmajor funds.

12. **Interfund Transfers**

The operations of the County include transactions between funds. These transactions may be temporary in nature, such as with interfund borrowings. The County typically loans resources between funds for the purpose of providing cash flow. These interfund receivables and payables are expected to be repaid within one year. Permanent transfers of funds include the transfer of expenditures and revenues to provide financing or other services.

13. **Equity Classifications**

a. **Government-Wide Statements**

Equity is classified as net position and displayed in three components:

1. **Net Investment in Capital Assets** - consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
2. **Restricted Net Position** - consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
3. **Unrestricted Net Position** - all other net position that does not meet the definition of "restricted" or "net investment in capital assets".

COUNTY OF WAYNE, NEW YORK

Notes to the Basic Financial Statements

December 31, 2015

(I) (Continued)

b. **Financial Statements – Fund Balance**

The County implemented GASB Statement 54 “Fund Balance Reporting and Governmental Fund Type Definitions”. This Statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government’s fund balance more transparent. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used.

1. **Nonspendable fund balance** – Amounts that are not in a spendable form (i.e. inventory or prepaids) or are legally or contractually required to be maintained intact.
2. **Restricted fund balance** – Amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.
3. **Assigned fund balance** – Amounts a government intends to use for a specific purpose; as indicated in the County’s operating policies, intent can be expressed by the governing body (County Legislature) or by an official (County Treasurer) to which the governing body delegates the authority. This category of fund balance also represents the residual amounts not otherwise reported as unspendable, or restricted in governmental funds outside of the General Fund.
4. **Unassigned fund balance** – Amounts that have not been assigned to another fund or are not restricted, committed, or assigned to specific purposes within the General Fund.

When fund balance resources are available for a specific purpose in more than one classification, it is the County’s practice to use the most restrictive funds first in the following order: restricted, assigned and unassigned as they are needed.

E. **New Accounting Standards**

The County has adopted all current Statements of the Governmental Accounting Standards Board (GASB) that are applicable. At December 31, 2015, the County implemented the following new standards issued by GASB:

COUNTY OF WAYNE, NEW YORK

Notes to the Basic Financial Statements

December 31, 2015

(I) (Continued)

The GASB has issued Statement No. 68, *Accounting and Reporting for Pension Plans – an Amendment of GASB Statement No. 27*, which was effective for the year ending December 31, 2015.

The GASB has issued Statement No. 71, *Accounting and Reporting for Pension Plans – an Amendment of GASB Statement No. 68*, which was effective for the year ending December 31, 2015.

The GASB has issued Statement No. 78, *Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans*, which was effective for the year ended December 31, 2015.

F. Future Changes in Accounting Standards

The GASB has issued Statement No. 72, *Fair Value Measurement and Application*, which will be effective for the year ending December 31, 2016.

The GASB has issued Statement No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 57, and Amendments to Certain Provisions of GASB Statements 67 and 68*, which will be effective for the year ended December 31, 2017.

The GASB has issued Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, which will be effective for the year ended December 31, 2018.

The GASB has issued Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*, which will be effective for the year ended December 31, 2016.

The GASB has issued Statement No. 80, *Blending Requirements for Certain Component Units-an amendment of GASB Statement No. 14*, which will be effective for the year ended December 31, 2017.

The County is currently studying these statements and plans on adoption as required.

Notes to the Basic Financial Statements

December 31, 2015

II. Restatement of Net Position

For the year ended December 31, 2015, the County implemented GASB Statement No. 68 *Accounting and Financial Reporting for Pensions – Amendment to GASB Statement No. 27*. The implementation of Statement No. 68 resulted in the reporting of an asset, deferred outflow of resources, liability and deferred inflow of resources related to the County’s participation in the New York State and Local Employees’ Retirement System. The County’s net position has been restated as follows:

	Town-wide Statements	Proprietary Funds
	Governmental Activities	Nursing Home Fund
Net position beginning of year, as previously stated GASB Statement No. 68 implementation	\$ 151,328,261	\$ 3,278,140
Beginning system liabilities - Employees' retirement system	(6,931,088)	(1,419,620)
Beginning deferred outflow of resources for contributions subsequent to the measurement date - Employees' retirement system	4,631,935	1,145,664
Net position beginning of year, as restated	\$ 149,029,108	\$ 3,004,184

III. Changes in Accounting Principles

For the year ended December 31, 2015, the County implemented GASB Statement No. 68 *Accounting and Financial Reporting for Pensions-Amendment to GASB Statement No. 27* and GASB Statement No. 71, *Pension Transition for contributions Made Subsequent to the Measurement date*. The implementation of the Statements requires the County to report as an asset and/or liability its portion of the collective net pensions asset and liability in the New York State and Local Employees’ Retirement System and the New York State and Local Police and Fire Retirement System. The implementation of the Statements also requires the County to report a deferred outflow and/or inflow for the effect of the net change in the County’s proportion of the collective net pension asset and/or liability and difference during the measurement period between the County’s contributions and its proportion share of total contributions to the pension systems not included in pension expense. Also included as a deferred outflow is the County contributions to the pension systems subsequent to the measurement date. See Note XI for the financial statement impact of implementation of the Statements.

IV. Cash and Cash Equivalents:

Custodial credit risk is the risk that in the event of a bank failure, the County’s deposits may not be returned to it. While the County does not have a specific policy for custodial credit risk, New York State statutes govern the County’s investment policies, as discussed previously in these notes.

COUNTY OF WAYNE, NEW YORK

Notes to the Basic Financial Statements

December 31, 2015

(IV) (Continued)

The County's aggregate bank balances (disclosed in the financial statements), included balances not covered by depository insurance at year end, collateralized as follows:

Uncollateralized	\$	-
Collateralized with securities held by the pledging financial institution, or its trust department or agent, but not in the County's name		62,393,978
Total		<u>62,393,978</u>

Restricted cash represents cash, cash equivalents, and investments where use is limited by legal requirements. These assets represent amounts required by statute to be reserved for various purposes. Restricted cash and investments as of year-end included \$5,647,832 in the governmental funds and \$698,812 in the fiduciary funds.

B. Investments

The County's investments are recorded at fair value and have been categorized based upon a fair market value.

The following table presents information about the County's investments measured at fair market value as of December 31, 2015:

	2015	
	Cost	Market Value
US Treasury Notes	\$ 28,211,000	\$ 29,566,141
Accrued interest	150,874	150,874
Total	<u>\$ 28,361,874</u>	<u>\$ 29,717,015</u>

Credit risk: In compliance with the State Law, County investments are limited to obligations of the United States of America, obligations guaranteed by agencies of the United States of America where the payment of principal and interest are guaranteed by the United States of America, obligations of the State, time deposit accounts and certificates of deposit issued by a bank or trust company located in, and authorized to do business in, the State, and obligations issued by other municipalities and authorities within the State.

Concentration of Credit risk: To promote competition in rates and service cost, and to limit the risk of institutional failure, County deposits and investments are placed with multiple institutions. The County's investment policy limits the amounts that may be deposited with any one financial institution at \$25 Million.

Interest rate risk: The County has an investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from rising interest rates. While the County carries investments with a maximum maturity of two years, maturity dates are staggered so that a portion of the investments mature every 90 days.

COUNTY OF WAYNE, NEW YORK

Notes to the Basic Financial Statements

December 31, 2015

V. Real Property Taxes Receivable:

Real property taxes for the County are levied together with taxes for town and special district purposes on January 1, and are due within 30 days. In 2015, these taxes attached as an enforceable lien on property on October 10. The towns and special districts receive the full amount of their levies annually. The County assumes enforcement responsibility for all unpaid taxes in the towns and special districts. Unpaid village and school district taxes are turned over to the County for collection; any such taxes remaining unpaid at year end are relieved as County taxes in the subsequent year.

The balance of the taxes receivable, net at December 31, 2015 consists of the following:

Taxes receivable, overdue	\$	3,053,263
Taxes receivable, current		3,221,202
Returned school taxes		4,455,017
Delinquent village		796,724
Property acquired		<u>20,598</u>
Total	\$	<u>11,546,804</u>

At December 31, 2015, uncollected real property taxes of \$11,546,804 which includes land held for resale of \$20,598. Current year returned village and school taxes of \$5,251,741 are offset by liabilities to the villages and school districts which will be paid no later than April 15, 2016. The remaining portion of tax assets is offset by deferred tax revenue of \$5,462,394 (and represents an estimate of the tax liens which will not be collected within the first sixty days of the subsequent year).

The County is permitted by the New York State Constitution to levy taxes up to 1.5% of the most recent five-year average full valuation of taxable real property. In 2015, the County has a legal margin of \$70,377,296.

VI. Accounts Receivable:

Receivables as of year end for the government's individual major funds, and non-major funds in the aggregate and enterprise type funds including applicable allowances for uncollectible accounts are as follows:

<u>Receivables</u>	<u>General</u>	<u>Road Machinery</u>	<u>Capital Fund</u>	<u>County Road</u>	<u>Community Development</u>	<u>Nursing Home</u>	<u>Total</u>
Accounts	\$ 1,582,774	\$ 21,229	\$ -	\$ 5,174	\$ -	\$ 4,285,104	\$ 5,894,2
Taxes	6,295,063	-	-	-	-	-	6,295,0
State & Federal	6,724,351	-	361,997	677,412	60,220	-	7,823,9

Proprietary Fund Net Investment in Capital Assets – Deficit

The component of net position consists of capital assets, net of accumulated depreciation and amortization, reduced by outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets. At December 31, 2015, the net investment in capital assets was a deficit balance of \$5,551,021.

COUNTY OF WAYNE, NEW YORK

Notes to the Basic Financial Statements

December 31, 2015

VIII. Interfund Revenues and Expenditures:

The composition of Interfund balances as of December 31, 2015, is as follows:

	<u>Interfund Revenues</u>	<u>Interfund Expenditures</u>
General Fund	\$ 1,089,493	\$ 18,770,731
County Road Fund	6,553,506	-
Capital Fund	11,613,456	1,089,493
Road Machinery Fund	603,769	-
Total government activities	\$ 19,860,224	\$ 19,860,224

Transfers among funds are provided as part of the annual budget process. They facilitate annual contributions to the County Road, Road Machinery, Nursing Home, and Capital Projects Fund as the County does not routinely allocate a portion of the tax levy for the operation of these funds.

IX. Long-Term Obligations:

The Board of Supervisors adopted a Debt Management Policy providing for the types of debt which may be issued, the maximum amount of debt allowed, the purpose for which the County may issue debt and other financial objectives.

- A. At December 31, 2015 the total outstanding noncurrent obligations of the County aggregated \$49,804,423.
- B. **Serial Bonds** - The County borrows money in order to acquire land or equipment or construct buildings and improvements. This enables the cost of these capital assets to be borne by the present and future taxpayers receiving the benefit of the capital assets. These long-term liabilities are full faith and credit debt of the County have been issued for both governmental and business-type activities. The provision to be made in future budgets for capital indebtedness represents the amount, exclusive of interest, authorized to be collected in future years from taxpayers and others for liquidation of the long-term liabilities. Enterprise Fund debt is liquidated with Enterprise Fund income.

Total long-term interest expense amounted to \$1,186,755 for the 2015 year.

- C. **Other Long-Term Obligations** - In addition to the above long-term debt, the County has the following noncurrent obligations:

Energy Performance Contract, Capital Leases, Compensated Absences, Net Pension Liability, Unamortized Bond Premiums, Resident Funds Held in Trust, OPEB Liability, and Workers' Compensation Liability

COUNTY OF WAYNE, NEW YORK

Notes to the Basic Financial Statements

December 31, 2015

(IX) (Continued)

D. **Changes in Noncurrent Liabilities** - The following is a summary of long-term obligations outstanding at December 31, 2015:

	Balance			Balance 12/31/15	Classified As	
	01/01/15	Additions	Deletions		Current	Non-Current
Governmental Activities:						
Serial Bonds	\$ 8,575,000	\$ -	\$ 270,000	\$ 8,305,000	\$ 285,000	\$ 8,020,000
Energy Performance Contract	-	2,920,000	-	2,920,000	292,000	2,628,000
Capital Lease	4,830,000	-	370,000	4,460,000	395,000	4,065,000
Compensated Absences	3,883,584	255,963	-	4,139,547	2,362,088	1,777,459
OPEB Liability	328,132	-	43,119	285,013	-	285,013
Net Pension Liability	6,931,088	-	1,749,492	5,181,596	-	5,181,596
Workers' Compensation Liability	6,720,839	817,749	-	7,538,588	2,814,941	4,723,647
Total Governmental Activities Long- Term Obligations	\$ 31,268,643	\$ 3,993,712	\$ 2,432,611	\$ 32,829,744	\$ 6,149,029	\$ 26,680,715
Business-Type Activities:						
Serial Bonds	\$ 14,555,000	\$ -	\$ 840,000	\$ 13,715,000	\$ 830,000	\$ 12,885,000
Unamortized Bond Premium	895,464	-	116,444	779,020	-	779,020
Compensated Absences	216,408	8,919	-	225,327	132,943	92,384
Net Pension Liability	1,419,620	-	358,329	1,061,291	-	1,061,291
Workers' Compensation	1,298,507	-	169,616	1,128,891	282,223	846,668
Resident Funds Held in Trust	71,332	-	8,760	62,572	-	62,572
OPEB Liability	207,404	-	204,826	2,578	-	2,578
Total Business-Type Activities Long- Term Obligations	\$ 18,663,735	\$ 8,919	\$ 1,697,975	\$ 16,974,679	\$ 1,245,166	\$ 15,729,513

Liquidation of the net pension obligation and the liability for claims and judgments occurs through the governmental fund budget process and will be financed by the real property tax levy, general County revenues or in the case of business-type activities through patient charges. The net pension obligation and the liability for judgments and claims are liquidated in the fund where the liability was incurred. Thus, the General Fund satisfies most liabilities for the governmental activities. In regard to business-type activities, the corresponding liability is allocated to the proprietary fund.

COUNTY OF WAYNE, NEW YORK

Notes to the Basic Financial Statements

December 31, 2015

(IX) (Continued)

E. Serial Bonds Payable - The County issues general obligation bonds in order to acquire land or equipment or construct buildings and improvements. This enables the cost of these capital assets to be borne by the present and future taxpayers receiving the benefit of the capital assets. The amount to be provided for payment of long-term liabilities represents the amount exclusive of interest, authorized to be collected in future years from taxpayers and others for liquidation of the long-term liabilities.

Serial bonds due in varying amounts to the date of maturity, outstanding at December 31, 2015 are as follows:

<u>Purpose</u>	<u>Original Issue Amount</u>	<u>Interest Rate</u>	<u>Final Maturity</u>	<u>Amount Outstanding 12/31/2015</u>
<u>Governmental Activities:</u>				
<u>Serial Bonds</u>				
Local ARRA Bond	\$ 9,810,000	6.127%-7.207%	12/10/2034	<u>\$ 8,305,000</u>
<u>Energy Performance Contract</u>				
Energy Performance	\$ 2,920,000	3.93%	12/10/2025	<u>\$ 2,920,000</u>
<u>Business-Type Activities:</u>				
<u>Serial Bonds</u>				
Public Improvement	\$ 23,181,503	4.125%-4.250%	6/1/2032	\$ 11,165,000
Public Improvement	\$ 13,015,000	2.00%-5.00%	6/1/2029	2,550,000
Total Business-Type Activities				<u><u>\$ 13,715,000</u></u>

Annual debt service requirements to maturity for the general government obligation bonds are as follows:

<u>Year Ending December 31</u>	<u>Governmental Activities</u>			<u>Business-Type Activities</u>	
	<u>Bonds Principal</u>	<u>Energy Performance Contracts Principal</u>	<u>Total Interest</u>	<u>Bonds Principal</u>	<u>Total Interest</u>
2016	\$ 285,000	\$ 292,000	\$ 582,762	\$ 830,000	\$ 491,613
2017	295,000	292,000	513,006	825,000	465,750
2018	305,000	292,000	438,337	820,000	436,975
2019	320,000	292,000	344,143	815,000	408,350
2020	330,000	292,000	523,748	805,000	384,050
2021-25	1,930,000	1,460,000	2,346,889	3,965,000	1,465,250
2026-30	2,450,000	-	1,239,726	3,105,000	712,488
2031-34	2,390,000	-	426,329	2,550,000	72,250
Total	<u><u>\$ 8,305,000</u></u>	<u><u>\$ 2,920,000</u></u>	<u><u>\$ 6,414,940</u></u>	<u><u>\$ 13,715,000</u></u>	<u><u>\$ 4,436,726</u></u>

At December 31, 2015, \$24,940,000 was subject to the constitutional debt limit and represented approximately 7.59% of the debt limit. In the opinion of management, the County has complied with all significant debt covenants at December 31, 2015.

COUNTY OF WAYNE, NEW YORK

Notes to the Basic Financial Statements

December 31, 2015

(IX) (Continued)

Interest on long-term debt for December 31, 2015 was composed of:

	Governmental Activities	Business-Type Activities
Interest paid	\$ 737,096	\$ 449,311
<u>Less:</u> interest accrued in the prior year	(116,165)	-
<u>Plus:</u> interest accrued in the current year	116,513	-
Total interest expense	\$ 737,444	\$ 449,311

F. **Capital Leases** - Through its governmental funds, the County leases a building from the Lyons Community Health Initiatives Corporation for various County departments. The lease agreement has been determined to be a capital lease for accounting purposes under the criteria established by SFAS No. 13, *Accounting for Leases*. Accordingly, the lease has been recorded at the present value of its future minimum lease payments as of the inception date.

Capital assets acquired through capital leases are as follows:

	Governmental Activities
Assets	
Buildings	\$ 9,155,000
<u>Less:</u> Accumulated Depreciation	(3,936,650)
Total	\$ 5,218,350

The future minimum lease obligation and the net present value of the minimum lease payments as of December 31, 2015, were as follows:

Year Ending December 31	Amount
2016	\$ 642,530
2017	645,608
2018	642,297
2019	642,877
2020	642,070
2021-24	2,571,068
Total Minimum Lease Payments	\$ 5,786,450
<u>Less:</u> Amount Representing Interest	(1,326,450)
Present Value of Minimum Lease Payments	\$ 4,460,000

COUNTY OF WAYNE, NEW YORK

Notes to the Basic Financial Statements

December 31, 2015

X. Fund Balances/Net Position

A. Fund Balances

1. Nonspendable

The County has the following nonspendable funds:

Nonspendable Prepaid Items - The County has prepaid various items and the cash is no longer available, therefore, those funds are nonspendable.

2. Restricted

Currently, New York State laws still use the terminology reserves. The County currently utilizes the following reserves which are classified as restricted funds:

Liability Reserve - created to set aside money for the payment of liability and property claims.

Unemployment Reserve - created to set aside money for the payment of unemployment expenses.

Repair Reserve - to be used for emergency repair and replacement of major mechanical systems and roofs in and on major County assets.

Capital Reserve - to be used for future funding of capital construction costs.

STOP DWI Reserve - contains accumulated excess of STOP DWI fines less STOP DWI expenses.

Retirement Contribution Reserve - to be used to finance retirement contributions.

COUNTY OF WAYNE, NEW YORK

Notes to the Basic Financial Statements

December 31, 2015

(X) (Continued)

3. Assigned

The County has the following assigned funds:

General Fund –	1. Appropriated for taxes
	2. Encumbrances
Road Machinery Fund -	1. Year End Equity
	2. Encumbrances
County Road Fund -	1. Year End Equity
	2. Encumbrances
Capital Projects Fund –	1. Year End Equity

Encumbrances represent purchase commitments made by the County's purchasing agent through their authorization of a purchase order prior to year end. The County assignment is based on the functional level of expenditures.

The specific purposes for the most significant amounts of open outstanding encumbrances at December 31, 2015 are as follows:

	<u>Total</u>
a. <u>General Fund</u>	
Sheriff - Road Patrol	\$ 151,448
Legal Assistance to indigents	158,542
Social Services - Administration	423,873
Juvenile Delinquent Care	226,855
State Training School	1,682,798
Planning Board	155,960
Total General Fund	<u>\$ 2,799,476</u>
b. <u>County Road Fund</u>	
Maintenance of Roads and Bridges	<u>\$ 11,931</u>

4. Unassigned

Unassigned funds include the residual classification for the County's general fund and all spendable amounts not contained in other classifications.

COUNTY OF WAYNE, NEW YORK

Notes to the Basic Financial Statements

COUNTY OF WAYNE, NEW YORK

Notes to the Basic Financial Statements

December 31, 2015

XI. General Information and Pension Plans:

A. General Information About Pension Plan

1. Plan Description

The County participates in the New York State Local Employees' Retirement System (ERS) which is collectively referred to as New York State and Local Retirement Systems (the System). This is a cost sharing multiple employer defined benefit retirement system. The net position of the System is held in the New York State Common Retirement Fund (the Fund), which was established to hold all net assets and record changes in fiduciary net position allocated to the System. The Comptroller of the State of New York serves as the trustee of the Fund and is the administrative head of the System. The Comptroller is an elected official determined in a direct statewide election and serves a four year term. System benefits are established under the provisions of the New York State Retirement and Social Security Law (RSSL). Once a public employer elects to participate in the System, the election is irrevocable. The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment of a State statute. The County also participates in the Public Employees' Group Life Insurance Plan (GLIP), which provides death benefits in the form of life insurance. The System is included in the State's financial report as a pension trust fund. That report may be found at www.osc.state.ny.us/retire/publications/index.php or obtained by writing to the New York State and Local Retirement System, 110 State Street, Albany, New York 12244.

2. Benefits Provided

The System provides retirement benefits as well as death and disability benefits.

Tier 1 and 2

Eligibility: Tier 1 members, with the exception of those retiring under special retirement plans, must be at least age 55 to be eligible to collect a retirement benefit. There is no minimum service requirement for Tier 1 members. Tier 2 members, with the exception of those retiring under special retirement plans, must have five years of service and be at least age 55 to be eligible to collect a retirement benefit. The age at which full benefits may be collected for Tier 1 is 55, and the full benefit age for Tier 2 is 62.

Benefit Calculation: Generally, the benefit is 1.67 percent of final average salary for each year of service if the member retires with less than 20 years. If the member retires with 20 or more years of service, the benefit is 2 percent of final average salary for each year of service. Tier 2 members with five or more years of service can retire as early as age 55 with reduced benefits. Tier 2 members age 55 or older with 30 or more years of service can retire with no reduction in benefits. As a result of Article 19 of the RSSL, Tier 1 and Tier 2 members who worked continuously from April 1, 1999 through October 1, 2000 received an additional month of service credit for each year of credited service they have at retirement, up to a maximum of 24 additional months.

COUNTY OF WAYNE, NEW YORK

Notes to the Basic Financial Statements

December 31, 2015

(XI) (Continued)

Final average salary is the average of the wages earned in the three highest consecutive years. For Tier 1 members who joined on or after June 17, 1971, each year of final average salary is limited to no more than 20 percent of the previous year. For Tier 2 members, each year of final average salary is limited to no more than 20 percent of the average of the previous two years.

Tier 3, 4, 5

Eligibility: Tier 3 and 4 members, with the exception of those retiring under special retirement plans, must have five years of service and be at least age 55 to be eligible to collect a retirement benefit. Tier 5 members, with the exception of those retiring under special retirement plans, must have ten years of service and be at least age 55 to be eligible to collect a retirement benefit. The full benefit age for Tiers 3, 4, and 5 is 62.

Benefit Calculation: Generally, the benefit is 1.67 percent of final average salary for each year of service if the member retires with less than 20 years. If a member retires with between 20 and 30 years of service, the benefit is 2 percent of final average salary for each year of service. If a member retires with more than 30 years of service, an additional benefit of 1.5 percent of final average salary is applied for each year of service over 30 years. Tier 3 and 4 members with five or more years of service and Tier 5 members with ten or more years of service can retire as early as age 55 with reduced benefits. Tier 3 and 4 members age 55 or older with 30 or more years of service can retire with no reduction in benefits.

Final average salary is the average of wages earned in the three highest consecutive years. For Tier 3, 4, and 5 members, each year of final average salary is limited to no more than 10 percent of the average of the previous two years.

Tier 6

Eligibility: Tier 6 members, with the exception of those retiring under special retirement plans, must have ten years of service and be at least age 55 to be eligible to collect a retirement benefit. The full benefit age of Tier 6 is 63 for ERS members.

Benefit Calculation: Generally, the benefit is 1.67 percent of final average salary for each year of service if the member retires with less than 20 years. If a member retires with 20 years of service, the benefit is 1.75 percent of final average salary for each year of service. If a member retires with more than 20 years of service, an additional benefit of 2 percent of final average salary is applied for each year of service over 20 years. Tier 6 members with ten or more years of service can retire as early as 55 with reduced benefits.

COUNTY OF WAYNE, NEW YORK

Notes to the Basic Financial Statements

December 31, 2015

(XI) (Continued)

Final average salary is the average of the wages earned in the five highest consecutive years. For Tier 6 members, each year of final average salary is limited to no more than 10 percent of the average of the previous four years.

Special Plans

The 25-Year Plans allow a retirement after 25 years of service with a benefit of one-half of final average salary, and the 20-Year Plans allow a retirement after 20 years of service with a benefit of one-half of final average salary. These plans are available to sheriffs, and correction officers.

Ordinary Disability Benefits

Generally, ordinary disability benefits, usually one-third of salary, are provided to eligible members after ten years of service; in some cases, they are provided after five years of service.

Accidental Disability Benefits

For all eligible Tier 1 and Tier 2 ERS members, the accidental disability benefit is a pension of 75 percent of final average salary, with an offset for any Workers' Compensation benefits received. The benefit for eligible Tier 3, 4, 5, and 6 members is the ordinary disability benefit with the years-of-service eligibility requirement dropped.

Ordinary Death Benefits

Death benefits are payable upon the death, before retirement, of a member who meets eligibility requirements as set forth by law. The first \$50,000 of an ordinary death benefit is paid in the form of group term life insurance. The benefit is generally three times the member's annual salary. For most members, there is also a reduced post-retirement ordinary death benefit available.

Post-Retirement Benefit Increases

A cost-of-living adjustment is provided annually to: (i) all pensioners who have attained age 62 and have been retired for five years; (ii) all pensioners who have attained age 55 and have been retired for ten years; (iii) all disability pensioners, regardless of age, who have been retired for five years; (iv) ERS recipients of an accidental death benefit, regardless of age, who have been receiving such benefit for five years and (v) the spouse of a deceased retiree receiving a lifetime benefit under an option elected by the retiree at retirement. An eligible spouse is entitled to one-half the cost-of-living adjustment amount that would have been paid to the retiree when the retiree would have met the eligibility criteria. This cost-of-living adjustment is a percentage of the annual retirement benefit of the eligible member as computed on a base benefit amount not to exceed \$18,000 of the annual retirement benefit. The cost-of-living percentage shall be 50 percent of the annual Consumer Price Index as published by the U.S. Bureau of Labor, but cannot be less than 1 percent or exceed 3 percent.

Notes to the Basic Financial Statements

December 31, 2015

(XI) (Continued)

3. Contributions

The System is noncontributory except for employees who joined the New York State and Local Employees' Retirement System after July 27, 1976, who contribute 3 percent of their salary for the first ten years of membership, and employees who joined on or after January 1, 2010 (ERS) who generally contribute 3 percent of their salary for their entire length of service. For Tier 6 members, the contribution rate varies from 3 percent to 6 percent depending on salary. Generally, Tier 5 and 6 members are required to contribute for all years of service. Under the authority of the NYSRSSL, the Comptroller annually certifies the actuarially determined rates expressly, used in computing the employers' contributions based on salaries paid during the Systems' financial year ending March 31. Contributions for the current year and two preceding years were equal to 100 percent of the contributions required, and were as follows:

<u>Payment Date</u>	<u>ERS</u>
December 15, 2015	\$ 7,008,281
December 15, 2014	\$ 7,502,269
December 15, 2013	\$ 8,729,907

B. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources related to Pensions

At December 31, 2015, the County reported a liability of \$6,242,887 for its proportionate share of the net pension liability. The net pension liability was measured as of March 31, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The County's proportion of the net pension liability was based on a projection of the County's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined.

At December 31, 2015, the County's proportion was 0.1848 percent.

For the year ended December 31, 2015 the County recognized pension expense of \$7,132,896. At December 31, 2015, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>
Differences between expected and actual experience	\$ 199,842
Net difference between projected and actual earnings on pension plan investments	1,084,311
Changes in proportion and differences between the County's contributions and proportionate share of contributions	<u>(1,284,553)</u>
Subtotal	\$ (400)
County's contributions subsequent to the measurement date	<u>5,568,473</u>
Grand Total	<u>\$ 5,568,073</u>

COUNTY OF WAYNE, NEW YORK

Notes to the Basic Financial Statements

December 31, 2015

(XI) (Continued)

\$5,568,073 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expenses as follows:

<u>Year</u>	<u>Amount</u>
2016	\$ 100
2017	100
2018	100
2019	100
Total	\$ 400

1. Actuarial Assumptions

The total pension liability at March 31, 2015 was determined by using an actuarial valuation of April 1, 2014, with updated procedures used to roll forward the total pension liability to March 31, 2015. The actuarial valuations used the following actuarial assumptions:

Significant actuarial assumptions used in the valuations were as follows:

	<u>ERS</u>
Inflation	2.70%
Salary increases	4.90%
Investment rate of return (net of investment expense, including inflation)	7.50%

Annuitant mortality rates are based on April 1, 2005-March 31, 2010 System experience with adjustments for mortality improvements based on the Society of Actuaries' Scale MP-2014.

The actuarial assumptions used in the April 1, 2014 valuation are based on the results of an actuarial experience study for the period April 1, 2005-March 31, 2010.

The long term expected rate of return on pension plan investments was determined in accordance with Actuarial Standard of Practice (ASOP) No. 27, Selection of Economic Assumptions for Measuring Pension Obligations. ASOP No. 27 provides guidance on the selection of an appropriate assumed investment rate of return. Consideration was given to expected future real rates of return (expected returns, net of pension plan investment expense and inflation) for equities and fixed income as well as historical investment data and plan performance.

COUNTY OF WAYNE, NEW YORK

Notes to the Basic Financial Statements

December 31, 2015

(XI) (Continued)

Best estimates of arithmetic real rates of return for each major asset class included in the target asset allocation as of March 31, 2015 are summarized below:

<u>Asset Class</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic equity	7.30%
International equity	8.55%
Private equity	11.00%
Real estate	8.25%
Absolute return strategies	6.75%
Opportunistic portfolios	8.60%
Real assets	8.65%
Bond and mortgages	4.00%
Cash	2.25%
Inflation-indexed bonds	4.00%

2. Discount Rate

The discount rate used to calculate the total pension liability was 7.5%. The projection of cash flows used to determine the discount rate assumes that contributions from plan members will be made at the current contribution rates and that contributions from employers will be made at statutorily required rates, actuarially. Based upon the assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

3. Sensitivity of the Proportionate Share of the Net Pension Liability to the Discount Rate Assumption

The following presents the County's proportionate share of the net pension liability calculated using the discount rate of 7.5%, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentagepoint lower (6.5%) or 1-percentagepoint higher (8.5%) than the current rate :

	<u>1% Decrease (6.5%)</u>	<u>Current Assumption (7.5%)</u>	<u>1% Increase (8.5%)</u>
Employer's proportionate share of the net pension liability	\$ 41,611,546	\$ 6,242,887	\$ (23,617,030)

COUNTY OF WAYNE, NEW YORK

Notes to the Basic Financial Statements

December 31, 2015

(XI) (Continued)

4. Pension Plan Fiduciary Net Position

The components of the current year net pension liability of the employers as of March 31, 2015, were as follows:

	(In Thousands)
	<u>ERS</u>
Employers' total pension liability	\$ 164,591,504
Plan net position	(161,213,259)
Employers' net pension asset/(liability)	\$ 3,378,245
Ration of plan net position to the employers' total pension liability	97.90%

XII. Other Postemployment Benefits

Plan Description. In addition to providing pension benefits described in Note XI, the County provides post-employment medical and prescription drug benefits (OPEB) for retirees, spouses, and their covered dependents through the Wayne County Postretirement Health Care Benefits Program (Plan). The benefits, benefit levels, employee contributions and employer contributions are governed by the County and can be amended by the County through its personnel manual and union contracts. Wayne County, New York provides four plan options to all eligible employees and dependents. The Blue Choice HMO is the only community rated plan offered whereas the Traditional, Point of Service and PIP plans are self insured, as such the majority of the activity of the plan is reported in the Wayne County Health Care Plan Trust. The Health Plan Trust is described further in Note XI. The plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the plan.

Funding Policy. The County currently pays for postemployment health care benefits on a pay-as-you-go basis. Once New York State Law allows for the establishment of a trust to fund and invest assets necessary to pay for the accumulated liability, the County will study the establishment of such a trust. These financial statements assume that pay-as-you-go funding will continue.

Annual OPEB Cost and Net OPEB Obligation. The County's annual other postemployment (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the County's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the County's net OPEB obligation by governmental activities and business-type activities:

COUNTY OF WAYNE, NEW YORK

Notes to the Basic Financial Statements

December 31, 2015

(XII) (Continued)

	Governmental Activities	Business-type Activities	Primary Government
Annual required contribution	\$ 2,283,546	\$ 455,988	\$ 2,739,534
Interest on net OPEB obligation	17,856	3,565	21,421
Adjustment to annual required contribution	<u>(24,823)</u>	<u>(4,956)</u>	<u>(29,779)</u>
Annual OPEB cost (expense)	\$ 2,276,579	\$ 454,597	\$ 2,731,176
Contributions made	<u>(2,319,698)</u>	<u>(659,423)</u>	<u>(2,979,121)</u>
Increase (Decrease) in net OPEB obligation	\$ (43,119)	\$ (204,826)	\$ (247,945)
Net OPEB obligation - beginning of year	328,132	207,404	535,536
Net OPEB obligation - end of year	<u>\$ 285,013</u>	<u>\$ 2,578</u>	<u>\$ 287,591</u>

The County's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2015 and the two preceding years was as follows:

Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
12/31/2015	\$ 2,731,176	109.08%	\$ 287,591
12/31/2014	\$ 3,219,350	93.23%	\$ 535,536
12/31/2013	\$ 2,695,210	118.35%	\$ 317,536

Funded Status and Funding Progress. As of December 31, 2015, the most recent actuarial valuation date, the plan was unfunded. The actuarial accrued liability for benefits was \$44,996,427, and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability of \$44,996,427. The covered payroll (annual payroll of active employees covered by the plan) was \$44,381,407, and the ratio of the UAAL to the covered payroll was 101.39%.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of the occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress is presented as required supplementary information following the notes to the financial statements.

Actuarial Methods and Assumptions. Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and includes the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

COUNTY OF WAYNE, NEW YORK

Notes to the Basic Financial Statements

December 31, 2015

(XII) (Continued)

In the December 31, 2015, actuarial valuation, the projected unit credit actuarial cost method was used. The discount rate used was four percent. Because the plan is unfunded, reference to the general assets, which are short-term in nature, was considered in the selections of the four percent inflation rate. The valuation assumes a nine percent medical and a fourteen percent prescription drug cost trend, reduced by decrements to a rate of five percent each after eight years. The unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on a closed basis. The remaining amortization period at December 31, 2015, was twenty-one years.

XIII. Deferred Compensation Plan

The County maintains a deferred compensation plan in accordance with Section 457 of the Internal Revenue Code for which County employees have the option to participate.

XIV. Risk Management:

A. Health Plan

Wayne County, New York participates in a Health Plan Trust which was established between the Wayne County Board of Supervisors and the Board of Trustees of the Wayne County Health Care Plan Trust on January 1, 2000 and shall continue in existence from year to year.

The purpose of the Trust, and the general nature of its business is established and maintained, pursuant to Article 44 of the Insurance Law of the State of New York, and employee welfare (Plan), self-funding in whole or in part, or insuring in whole or in part, health benefit coverage for eligible employees. The Trust's goal is to improve health benefits at a reduced cost to the taxpayers of the employers, pursuant to the provisions of Section 119-0 of the New York State General Municipal Law and Section 501(c)(9) of the Internal Revenue Code.

A new employer who seeks membership in the Plan shall be accepted upon majority vote of the Board of Trustees and subject to the terms and conditions established by the Board of Trustees. The current participants in the plan include seven Towns, one Authority, and the County. Participants in the Plan can withdraw upon mutual consent of the Plan and employer after three years of participation in the Plan. Written notice must be given that acknowledges mutual agreement of withdrawal. In addition, an employer may unilaterally withdraw from the Plan after three years if the employer's contributions exceed the billed rate of the New York State licensed commercial insurer providing equivalent coverage. If withdrawal occurs before three years, the employer shall remain liable to pay the balance of its share of contributions. If surplus funds exist at termination, the balance will be paid over to a successor health plan or an insurance company to provide benefits for eligible employers and employees. The Plan is a risk sharing pool and all monies paid into the Plan shall be pooled and administered as a common fund. If surplus funds exist at the end of any year, the distribution of such funds shall be determined by the Board of Trustees.

COUNTY OF WAYNE, NEW YORK

Notes to the Basic Financial Statements

December 31, 2015

(XIV) (Continued)

The Plan purchases, on an annual basis, stop-loss insurance policies to limit its exposure for claims paid within any one year.

The Plan establishes a liability for both reported and unreported insured events, which includes estimates of both future payments of losses and related claim adjustment expenses. However, because actual claims costs depend on complex factors, the process used in computing claims liabilities does not necessarily result in an exact amount. Such claims are based on the ultimate cost of claims (including future claim adjustment expenses) that have been reported but not settled, and claims that have been incurred but not reported. Adjustments to claims liabilities are charged or credited to expense in the periods in which they are made. During the year ended December 31, 2015, the County incurred premiums or contribution expenditures totaling \$8,297,455.

The Plan was audited for the year ended December 31, 2015 and the audit report is available at the Wayne County Administrative Offices.

B. Workers' Compensation

The County, along with all the towns and villages within the County, participated in a self-insured workers' compensation fund which is accounted for within the General Fund of the County since the County is the major participant.

Current membership of the Plan includes 35 participants from various municipal entities. The Plan is administered by Wayne County and utilizes a third party administrator who is responsible for processing claims, estimating liabilities and providing actuarial services. The Plan participants are charged an annual assessment which is allocated in light of comparative experience and relative exposure based on the estimated total liability of the participating members actuarially computed each year.

The Plan purchases, on an annual basis, stop-loss insurance to limit exposure for claims paid.

This program establishes a liability for both reported and unreported self-insured events, which includes estimates of both future payments of losses and related claim adjustment expense. The following represents changes in those aggregate liabilities for the fund for the past two years ended December 31:

COUNTY OF WAYNE, NEW YORK

Notes to the Basic Financial Statements

December 31, 2015

(XIV) (Continued)

	<u>Governmental</u>	<u>Proprietary</u>
Unpaid claims and claim adjustment liabilities at beginning of year	\$ 6,720,839	\$ 1,298,507
Incurred claim and claim adjustment expenditures:		
Provision for insured events of the current year	\$ 88,511	\$ 18,129
Increases/(decreases) in provision for insured events of prior years	3,154,150	308,924
Total incurred claim and claim adjustment expenditures	<u>\$ 3,242,661</u>	<u>\$ 327,053</u>
Less payments:		
Claim and claim adjustment expenditures attributable to insure events of the current year	\$ 88,511	\$ 18,129
Claim and claim adjustment expenditures attributable to insure events of prior years	2,336,401	478,540
Total payments	<u>\$ 2,424,912</u>	<u>\$ 496,669</u>
Total Unpaid Claims and Claim Adjustments Liabilities at the End of the Year	<u>\$ 7,538,588</u>	<u>\$ 1,128,891</u>

C. Other

The County has elected to be partially self-insured for unemployment, general liability, malpractice, and automobile insurance. The County has several commercially purchased third party insurance policies in place for certain of these risks as well. Maximum coverage under the policies ranges from \$50,000 to \$5,000,000 and there has been no change in coverage under such policies during the past year. In 2015, the County paid \$85,363 in claims relating to these self-insurance programs. In addition, as of December 31, 2015, no loss contingencies existed or were considered probable or estimable for incurred but not reported claims payable. Settlements have not exceeded coverage under the policies during the past three years. Self-insurance activity is recorded in the General Fund.

All claims are evaluated under the criteria established in GASB No. 10, *Accounting and Financial Reporting for Risk Financing and Related Insurance Issues*. The following represents changes in the aggregate liabilities for the partially self-insured programs referred to above for the year ended December 31:

COUNTY OF WAYNE, NEW YORK

Notes to the Basic Financial Statements

Provision for insured events of the current year	\$ <u> 85,363</u>
Less payments:	
Claim and claim adjustment expenditures attributable to insure events of the current year	\$ <u> 85,363</u>
Total unpaid claims and claim adjustments liabilities at the end of the year	\$ <u> -</u>

XV. **Contingent Liabilities:**

A. **Economic Assistance and Opportunity Programs**

The Department of Social Services of the County provides for the operation and administration of economic assistance and opportunity programs. The financial statements of the General Fund contain expenditures for the costs of operating these programs including estimates of costs incurred, but unpaid at the end of the year. The County's share of costs applicable to the operation of the Medicaid program are recognized as expenditures in the period that such amounts are charged to the State by third-party providers.

Program and administrative costs are subject to audit and adjustment by various State and Federal agencies. Differences between ultimate settlements and estimated costs included in the financial statements are recorded in the year of settlement. County management believes that it is in substantial compliance with all program requirements.

B. **Federal and State Funded Programs**

The County participates in a number of Federal and New York State grant and assistance programs. These programs are subject to financial and compliance audits by the grantors or their representatives. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time, although the County expects such amounts, if any, to be immaterial. Expenditures disallowed by completed audits have generally been immaterial in nature and, accordingly, have been reflected as adjustments to revenues in the year the expenditure was determined to be unallowable.

C. **Litigation**

The County is subject to lawsuits in the ordinary conduct of its affairs. As of the end of the year the County does not believe that the pending suits, individually or in the aggregate, are likely to have a material adverse effect on the financial condition of the County.

COUNTY OF WAYNE, NEW YORK

Notes to the Basic Financial Statements

December 31, 2015

XVI. Related Organizations:

A. Wayne County Industrial Development Agency (IDA)

The IDA is a Public Benefit Corporation created by state legislation to promote the economic welfare, opportunities, and prosperity of the County's inhabitants. The IDA was established to promote and assist in acquiring or constructing various business and recreational facilities in Wayne County, New York. Members of the IDA are appointed by the Wayne County Board of Supervisors, however, the Board of Supervisors exercise no oversight responsibility for management of the IDA or accountability for fiscal matters. The County is not liable for any IDA indebtedness.

An audit of the IDA's financial statements for the year ended December 31, 2015 has been performed by EFP Rotenberg, LLP. The auditor's report was unqualified, that is, the financial statements are fairly presented in accordance with accounting principles generally accepted in the United States of America. Pertinent financial data related to the IDA for the year ended December 31, 2015 is as follows:

Total Assets	\$ 4,668,119
Total Deferred Outflows	\$ 41,864
Total Liabilities	\$ 160,313
Total Net Position	\$ 4,549,670
Total Revenues-2015	\$ 587,803
Total Expenditures-2015	\$ 559,711

Complete financial statements for the IDA may be obtained at the entity's administrative office located at 16 William Street, Lyons, New York 14489.

B. Wayne County Economic Development Corporation (EDC)

The EDC is a Public Benefit Corporation created by state legislation to promote the economic welfare, opportunities, and prosperity of the County's inhabitants. The EDC was established to promote and assist in acquiring or constructing various business and recreational facilities in Wayne County, New York. Members of the EDC are appointed by the Wayne County Board of Supervisors, however, the Board of Supervisors exercise no oversight responsibility for management of the IDA or accountability for fiscal matters. The County is not liable for any EDC indebtedness.

An audit of the EDC's financial statements for the year ended December 31, 2015 has been performed by EFP Rotenberg, LLP. The auditor's report was unqualified, that is, the financial statements are fairly presented in accordance with accounting principles generally accepted in the United States of America. Pertinent financial data related to the EDC for the year ended December 31, 2015 is as follows:

E. Wayne County Water and Sewer Authority

The Wayne County Water and Sewer Authority (the Authority), a public benefit corporation, was created by special legislation, Chapter 685 of the Laws of 1987 (NYS Public Authorities Laws 199-aa et seq.). Members of the Authority's Board of Directors are appointed by the Board of Supervisors. The Directors of the Authority have sole responsibility for management of the Authority and full accountability for fiscal matters. The Authority has the powers necessary to plan, finance, operate, and manage water systems in the County. The Authority provides a structure for planning and implementing improvements in the availability, reliability, and quality of public water supplies in the County.

An audit of the Authority's financial statements for the year ended December 31, 2015 has been performed by Raymond F. Wager, CPA, P.C. The auditor's report was unqualified, that is, the financial statements are fairly presented in accordance with accounting principles generally accepted in the United States of America. Pertinent financial data related to the Authority for the year ended December 31, 2015 is as follows:

Total Assets	\$	16,951,812
Total Deferred Outflows	\$	176,952
Total Liabilities	\$	1,401,941
Total Net Position	\$	15,726,823
Total Revenues-2015	\$	6,476,835
Total Expenses-2015	\$	6,074,462

Complete financial statements for the Authority may be obtained at the entity's administrative office located at 3377 Daansen Road, Walworth, New York 14568.

COUNTY OF WAYNE, NEW YORK

Note to Required Supplementary Information

December 31, 2015

I. Stewardship – Note to Required Supplementary Information:

A. Budgetary Data

Budgets are adopted on a basis consistent with generally accepted accounting principles and the budgetary comparison schedules presented as required supplementary information are prepared on this basis. Budgets are adopted annually for the general fund, special revenue funds, and the enterprise fund. The general fund is the only major fund with a legally adopted budget. The only legally adopted budgets for the nonmajor funds are the Road Machinery Fund and the County Road Fund.

1. No later than November 15, the budget officer submits a tentative budget to the finance and budget review committee for the year commencing the following January 1. The tentative budget includes appropriations and the proposed means of financing them.

2. After public hearings are conducted to obtain taxpayer comments, no later than December 20, the Board of Supervisors adopts the County budget. The original budget is a balanced budget.

Activities of the general fund, special revenue funds, and the enterprise fund are included in the annual appropriated budget.

3. Certain expenditures may not legally exceed budgeted appropriations for program expenditures within an administrative unit or department. Individual governmental fund comparisons of budgetary and actual data are presented at the legal level of control established by the Board of Supervisors (i.e., the department level).

All revisions that alter total appropriations in any department must be approved by certain committees of the Board of Supervisors or in some instances the entire Board of Supervisors. Management has the ability to amend or transfer the budgeted amounts between "objects" without the approval of the Board of Supervisors. Supplementary appropriations made during the year include additional grant program increases in mandated expenditures and/or the reallocation of resources.

COUNTY OF WAYNE, NEW YORK

Notes to Nonmajor Governmental Funds

Special Revenue Funds

December 31, 2015

Special revenue funds are used to account for specific revenues that are legally restricted to expenditures for particular purposes.

The **Special Revenue Funds** of the County include the community development, county road, and road machinery funds. The special revenue funds use the modified accrual basis of accounting.

ROAD MACHINERY FUND

The **Road Machinery Fund** is required by Section 133 of the Highway Law. This fund is used to record the purchase, repair and maintenance of highway machinery, tools and equipment; for the construction, purchase and maintenance of buildings for the storage and repair of highway machinery and equipment; and for the purchase of materials and supplies to provide an adequate central stockpile for highway, snow removal and bridge purposes.

COMMUNITY DEVELOPMENT FUND

The **Community Development Fund** is used to account for work force investment monies. A budgetary comparison has not been presented as the Community Development Fund does not have a legally adopted budget.

COUNTY ROAD FUND

The **County Road Fund** is used to account for maintenance of County roads and bridges, snow removal and construction and reconstruction of County roads.

CAPITAL PROJECTS FUND

The **Capital Projects Fund** is used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds and trust funds.

The assigned fund balance at December 31, 2015 totaled \$6,908,934.

Table of Contents

This part of the County of Wayne's Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

	<u>Pages</u>
Financial Trends	
<i>These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.</i>	108 - 112
Revenue Capacity	
<i>These schedules contain information to help the reader assess the government's most significant local revenue source, the property tax.</i>	113 - 118
Debt Capacity	
<i>These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future.</i>	119 - 123
Demographic and Economic Information	
<i>These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.</i>	124 - 128
Operating Information	
<i>These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.</i>	129 - 132

Sources: Unless otherwise noted, the information in these schedules is derived from the Comprehensive Annual Financial Report for the relevant year.
