Disabled Veterans’ Outreach Program Specialists (DVOPs)

DVOP Specialists are disabled veterans themselves. They provide individual career services exclusively to veterans and eligible persons who have significant barriers to employment. They also provide a full range of employment services, including comprehensive assessments, individual employment plans, job referrals, referrals to training and support services, and resume and interview preparation assistance.

Local Veterans’ Employment Representatives (LVERs)

LVER staff are also veterans. They specialize in advocating on behalf of veterans and eligible persons with business, industry, and community organizations to promote employment and training opportunities. They also provide services for veterans and eligible persons, including job matching and job placement, conduct employer outreach, inform Federal contractors of the process to hire qualified veterans, and promote credentialing and licensing opportunities.

Experience Counts

Governor Cuomo’s “Experience Counts” program grants veterans credit toward state licenses for military experience. For example, Commercial Driver’s License (CDL) fees can be waived for military members with recent experience driving trucks and heavy equipment during their service. The program also recognizes certain military training as credit towards licensure for veterans to become armed and unarmed security guards.

Veterans Temporary Hiring Program

The New York State Department of Civil Service hosts the Veterans Temporary Hiring Program Portal which provides a centralized location for qualifying Post-9/11 veterans to submit up-to-date employment and contact information to be considered by New York State agencies hiring for temporary positions.
