Hazardous Materials 1st Responder Operations Annual Refresher

Provides training to review and refresh the competencies covered in OSHA 1910-120 for First Responder Awareness and Operations level responders. This course provides a review of the nine classes of materials, the use of the US DOT Emergency Response Guidebook, principles of containment, confinement, and extinguishment within the scope of the duties of a first responder at the Operations Level. This training is designed to satisfy annual refresher training requirements of OSHA for hazardous materials.
