CRESCENT BEACH REDI PROJECT UPDATE

JULY 2020

- A resolution was presented at the June Board of Supervisors meeting declaring Wayne County Lead Agent for the SEQR process.
- A discussion occurred with Ann Shaw (DASNY) regarding the timing of a contract with NYS for reimbursement of expenses. Ann understands our concern of progressing significant engineering contracts without having a reimbursement agreement in place. I asked for a contract to cover engineering costs, and then the ability to prepare a supplemental agreement at a later date for construction funds. She thought this may be acceptable and will speak with others to gain the approval. A form was submitted requesting the engineering component of the project be progressed as a separate contract. Still awaiting a response to this request.
- Various REDI project forms were submitted to Sean Rosney (DASNY) per his request.
- The design team continues to work on the data gathering and environmental tasks associated with the project.
- To date, a total of \$68,000 has been paid to the design team for consulting services. A total of \$488,000 has been authorized.
